

**Smoke Outlook for 10/04 - 10/05**  
**NW California - Red Salmon Complex**  
 Issued at: 2020-10-04 07:26 PDT

**Fire**

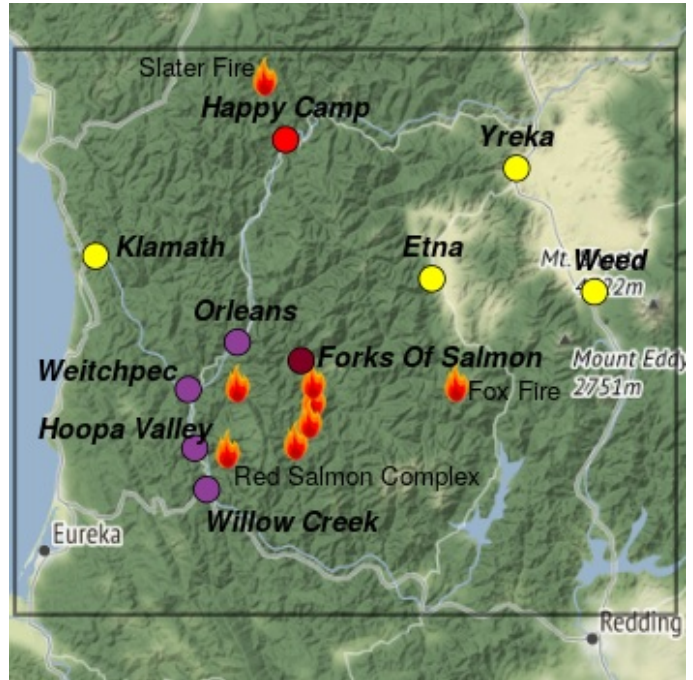

For the Red Salmon Complex, burned acreage is approximately 132,000. Containment has increased to 33%. The east side of fire remains fairly active. Unburned interior islands continue burning. Additional information regarding the Red Salmon Complex is found at <https://inciweb.nwcg.gov/incident/6891/>

**Smoke**

Smoke conditions today (10/4) are expected to be similar to yesterday. Smoke will linger in valley areas especially near the fire. Conditions in locations near the fire are expected to remain Very Unhealthy to Hazardous. Cecilville area should see heavy smoke most of the day. Smoke is expected to increase tomorrow due to increased burning on August Complex. Smoke forecast for Eureka is now included in the North Central Coast - August Complex.

**Health**

If you are experiencing health effects from smoke, you are encouraged to follow the "Actions to Protect Yourself" listed below and always seek medical attention when needed. Additional recommendations can be found on the California Smoke Blog.
