The People's Republic of China**

LOCAL PRESENTER AGREES TO FURNISH AT OWN EXPENSE:

STAGE REQUIREMENTS: The ideal stage dimensions for this company are 44 feet wide by 40 feet deep (from front curtain to backcloth). The minimum stage dimensions are 32 feet wide and 30 feet deep. There should be a depth of 4 feet free of all obstructions between backcloth and back wall for fast cross-overs.

The floor of the stage must be of wood or linoleum, and the surface must be smooth and even, without shellac, wax or polish. In advance of the Company's arrival, the stage must be thoroughly washed with plain hot water WITHOUT SOAP, and all holes must be stopped up. Nails, splinters, etc., must be removed.

SOUND SYSTEM:

- a. The Company carries two DENON DN-961FA professional compact disc players. These machines are stereo and each has two active balanced outputs using 3-pin XLR (or Canon) type connectors. The output level is -4dBm. The quality of both the music and the players is exceptional. In order to take full advantage of this quality it is necessary for the presenter to provide a professional quality mixing console capable of accepting at least 8 inputs (two stereo compact disc players, two microphones, and two spares). **THE INPUT LINES FROM THE TO THE VENUE'S SOUND CONSOLE MUST NOT CARRY PHANTOM POWER.** The minimum output configuration of the console should include a stereo send to the house system and a separate mono or stereo send to the stage monitors.

The two players are wired to a common remote and must be operated by the Company Manager. The Company Manager is an experienced operator, however, he is not a member of IATSE. Depending on local union regulation it may be necessary for the presenter to hire an additional sound operator to sit with the Company Manager during the show.

- b. Appropriate amplification and audience speakers for the particular venue in all cases to include side stacks (Meyers or Apogee speakers). **SOUND SYSTEM TO BE EQUALIZED FOR CLASSICAL MUSIC.**
- c. At least one monitor speaker for each side of the stage, volume to be separately controlled from house speakers.

- d. Headset communication linking all of the following on one channel:
- Stage Managers (both sides of stage)
 - Sound Operators
 - Follow-spot Operators
 - Light Board Operator(s)
 - Fly Rail
- e. Public address system for announcements to the audience.

LIGHTING REQUIREMENTS: The Company carries no lighting of its own. For an ideal presentation, the Company requires full stage lighting according to a plot which will be sent ahead of the Company's arrival, including front-of-house lighting, overhead spots and borders, toms, cyc lighting specials and backlighting from position directly in front of cyc, all board controlled. Standard blue, red, pink, amber and green gels will be needed. Every effort should be made to hang the plot with house equipment, prior to the arrival of the Company's Stage Manager, who will then be able to concentrate on fine focus and last minute details. A ladder must be available for focusing.

Two "Super Trouper" or "Trouper" follow spots are required for soloists. "Troupettes" are usually inadequate with other stage lighting. Headset communication is necessary between Stage Manager, light boards and follow spots.

Please be certain to make sure all equipment is in working order prior to arrival of the Company so time is not lost in preparing for the performance.

DRAPERY:

- 1) Front theatre curtain, if available
- 2) Three legs on each side of the stage, black or other dark color
- 3) Blue cyclorama or sky cloth
- 4) Rear curtain which opens horizontally (from the center to each side, hung in front of cyclorama).

Mid-stage BO Travels DTS

BILLING:

Company of 45

Performing "Peking Dreams"

PIANO REQUIREMENTS: No piano is required. If there is a piano on stage, it should be removed prior to load-in.

STANDBY MUSICIANS: The Company has no requirement for local musicians, but if any city's local union regulations require that standby musicians be employed, this shall be a local expense and local presenter hereby agrees to assume it.

DRESSING ROOM REQUIREMENTS:

- 1) One room for Director
- 2) One large dressing room for women, or several smaller rooms, as necessary
- 3) One large dressing room for me, or several smaller rooms, as necessary

All rooms should have make-up tables, a chair for each performer, mirrors and mirror lights, clothes racks and hangers. Rooms must be clean. Access must be provided for adequate rest room facilities and hot and cold running water.

HEATING REQUIREMENTS: It is essential that the dressing rooms be unlocked, heated (depending on climate and season of the year) and ready for use upon the Company's arrival at the theatre. The backstage should also be heated.

STAGEHAND REQUIREMENTS:

Local presenter will be responsible for providing at its expense stagehands as required by local union rules. THIS IS NOT A YELLOW CARD ATTRACTION.

Eight stagehands are usually sufficient to load in, set up and load out the production. Stagehands should be available for three hours for set-up and two hours for take-out. In most cases, this will be the minimum union requirement. One or two pressers are needed only for load-in.

A lesser number of stagehands will be needed to work, the show, and in union situations the minimum requirement will prevail.

Where no union rules are in effect, local presenter must arrange for and pay requisite number on non-union men needed for the presentation of the concert. The minimum stagehand requirement in most cities is ten men. Local presenter agrees to assume all costs for stagehands, whether union or nonunion.

WARDROBE ASSISTANTS: Local presenter will furnish 2 ironing boards, one steamer and washer/dryer plus two local wardrobe assistants to assist in pressing and care of costumes. Calls for wardrobe assistants will be established by the CAMI stage manager in advance of the performance.

LOADERS: Should local rules require the use of Transfer Men (loaders for the handling of equipment, costumes, props, etc., from truck to stage and return) these shall be provided by local presenter and at local presenter's sole cost.

AUDITORIUM AVAILABILITY: Company requires use of auditorium as early as feasible on day of performance. Load-in time will be set when Company stage manager contacts local presenter one week prior to performance date.

TRUCK must depart after load in,
and can return for load out - AM

TRUCK AND BUS PERMITS: Local presenter agrees to obtain all permits and authorizations necessary to allow a forty-five foot tractor-trailer access to loading door one hour prior to and for the duration of the take-in and take-out, and parking space for the charter bus.

10 tickets, small venue - AM

COMPANY SEATS: Presenter agrees to reserve 20 tickets for the Company's use at no charge to the Company.

AMENITIES: An area should be set up close to the dressing rooms for the exclusive use of the Company upon arrival at the theatre and should include the following:

- a. A large urn or kettle to provide a constant source of hot water for making tea.
- b. Enough cups for the Company and crew (40)
- c. Tea and coffee with lemon, sugar and milk.
- d. Cold drinks to include Coke, Diet Coke, Sprite, Perrier and fruit juices i.e., orange juice and grapefruit juice.
- e. Ice and 30 large bottles of water (such as Evian).
- f. In addition, presenter must provide 40 deli sandwiches along with 20 yogurts (plain and assorted fruit), plus assorted fresh fruit and chocolate bars. Please provide appropriate flatware for the above.
- g. A hot meal for 40 persons following all performance to be served buffet style.
