Structures Threatened: 13,926	Structures Damaged: 0	Structures Destroyed: 5	
Minor Structures Threatened: 0	Minor Structures Damaged: 2	Minor Structures Destroyed: 3	

## CURRENT SITUATION

<b>Current Situation:</b>	CAL FIRE has entered into Unified Command on the August Complex West Zone with the Mendocino County and Humboldt County Sheriff Offices. CAL FIRE'S unified team and the U.S. Forest Service are engaged in a coordinated response to take suppressive action on the August Complex, which has been split into three zones to effectively provide a response for the communities at risk. Resources from across the state of California as well as Montana, Utah, Texas, and New Jersey have been assigned to assist on the August Complex West Zone. The overall acreage of the August Complex has decreased due to more accurate mapping, intel and rezoning of the incident. Fire activity decreased last night due to an increase in humidity, light winds and cooler temperatures. Today, expect the possibility of increased activity where fire aligns with topography and wind during the afternoon and evening hours. Damage Inspections teams are actively assessing the area. Aerial firefighting resources will be utilized as smoke conditions allow.
